The Florida SKP Resort is established as a 55 plus RV community the requirements of which allow but limit the number of occupants under that age. While it is not expected, in some instances it is possible that admission to membership may be delayed for otherwise qualified applicants if they have not attained that age, and the limit for younger persons has been reached.

Knowing that the Florida Escapee Resort is a CO-OP that was built by and is maintained by all of the members as volunteers, I agree to volunteer my time and talent for the betterment of the resort.
