

## EMERGENCY SESSION OF FLORIDA SKP RESORT BOARD OF DIRECTORS

An emergency session of the Florida SKP Board of Directors was held on March 19, 2020, at 12:30 P.M. to establish a response to the spread of Covid-19 and its effects on our park. Present were Frank King, President; Ed Landry, Vice-President; June Post, Secretary; Pat Dubuc, Treasurer; Diane Luppens, Assistant Treasurer; Steve Little and Bud Hodgkins, Members-at-Large.

Ed Landry moved and Bud Hodgkins seconded a motion to immediately implement new procedures in order to avoid closing the rental of sites to non-members. All visitors must sign an agreement to abide by these rules or be subject to expulsion from the park. Visitors' RVs must be self-contained. The clubhouse, pool, kitchen, and laundry room are off-limits. Visitors may walk their pets and themselves but will be expected to practice recommended protocols regarding healthy habits, including hand washing and social distancing. Motion passed.

Respectfully submitted,  
June Post, Secretary

FLORIDA SKP RESORT CORONA VIRUS POLICY  
EMERGENCY POLICY adopted by the BOARD of DIRECTORS  
EFFECTIVE 19 MARCH 2020

Our park, for the immediate future, will remain open to accept traveling SKP members seeking a rental site, based on space availability.

However, in lieu of closing our park to non-members, we have developed a policy to both serve traveling SKP members and protect our park members. A major factor behind this policy is that as you can well imagine, many of our members are considered "high risk" under US CDC and WHO definitions.

Please call ahead to 863-735-1499, to see if there is space available. We will initially accommodate you in our overflow lot (water, 20 Amp service) while we attempt to manage rotating placement as best, we can make "social distancing" easier.

Therefore, effective immediately, all visitors will be required to sign an agreement to abide by the following rules. A single violation of any of these provisions will result in immediate expulsion from the park and the forfeiture of any advance payment made for the site. If you do not agree to abide by these rules, you will be denied access to the resort and required to leave immediately. While to some, this may seem drastic, we must protect our vulnerable, at risk members. We appreciate your understanding and cooperation. We can, as a community of RVers, work together to remain safe.

For the duration of your stay here at the resort, or up to 14 days, whichever comes first, the following restrictions are in place.

- A. **Your unit must be completely self-contained.**
- B. The club house, pool, kitchen, restrooms, library, and laundry room are off limits.
- C. **Self-quarantine....** please enjoy a walk around our beautiful park but do your best to avoid close contact with others. We are a friendly park, but these are difficult times. Waves and hellos are always welcome!
- D. Walk your pets as necessary, but again, avoid others.
- E. Practice the recommended protocols regarding habits to stay healthy.... frequent hand washing, disposable tissues etc.

**Members:** In order to stay healthy, we must insist that all payments, drop off documents etc. to the office, mail pick be done via the mail room versus the office window. Package pick up will be an exception.
